Commissioner for the Taman Inquiry  
Room 30 – 200 Vaughan Street  
Winnipeg, MB R3C 1T5

**Attention: David Paciocco/Vincent Clifford**

Dear Sir:

**Re: Taman Inquiry into the Investigation and  
Prosecution of Derek Harvey-Zenk**

As a result of a meeting with Chief Carter this morning, it has come to my attention that there has been a failure on my part to disclose, through inadvertence, a relevant document. The responsibility for that failure to disclose rests solely with me. The reason for the failure to disclose is that, until my meeting this morning, I failed to recognize that the document contained information relevant to the issues before the Inquiry.

The document in question is the front cover (two sides) of the East St. Paul Police Department file relating to the Harvey-Zenk investigation. A copy of the document was first provided to me by Chief Carter on November 15, 2007. A copy of both sides of the document is attached hereto.

At my meeting this morning, Chief Carter referred me to the original document. I did not recognize it at first. However, on checking the file material delivered to me by Chief Carter on November 15<sup>th</sup> last, I acknowledge that I have had a copy of the document since then.

The reason Chief Carter referred me to the document this morning is twofold. First, the notes on the back side of the cover which, except as noted hereafter, Chief Carter believes to be in the handwriting of former Chief Bakema, evidence continuing involvement in the investigation of the accident by former Chief Bakema after February 25, 2005. Second, the note below the name "Dale Kasper" and above the name "Ted Rosser", which Chief Carter also believes to be in the handwriting of former Chief Bakema, references the blood/breath issue. The note that appears beside former Chief

Bakema's note, "I advised Prosecutor Minuk", is Chief Carter's note as is the entry two lines below "Report to M.E.'s office".

If you have any questions or would like further information from Chief Carter about the document, please do not hesitate to contact me. I apologize for this oversight on my part.

Yours truly,
