David:

Attached is the standard Photo Lineup Form used by WPS members: I'm advised by D/Sgt. Girard that this is the form he would have put to the witness Chelsea O'Halloran, although the file no longer has a copy of the original (this is being double checked, but he believes it might be in the Crown's file). Below are the times worked and booked off for February 25/05. I assume you'll want some sort of documentary evidence? We should be able to get this for you, but printing it off seems to be a complicated procedure.
