Subject: Taman Inquiry

As we discussed, attached are copies of the Victims' Bill of Rights fact sheets we send out, along with the initial letter, to the nearest next of kin that we register. We also send out an application for Compensation for Victims of Crime, if we do not know if the next of kin have already received such an application. However, this would not apply in circumstances where the fatality arose out of a motor vehicle accident, as Manitoba Public Insurance Corporation would provide assistance in those situations.
